THE STORY

JACK FORZENSKI is a man with a past... a bad past. As an undercover cop on Rockland PD's Narco squad, Jack got in too deep and became an addict. Kicked off the force, Jack endured months of rehab and counseling and has recently been reinstated to the force. This trick was pulled off with much string-pulling by Rockland PD's captain, JOE KOWALSKI, who just happens to be Jack's step-uncle.

MARCUS HILL works for the D.E.A. but his past involves Jack too. They used to be one of Rockland's star teams, busting more perps than the rest of the units put together. Once Jack became addicted, Marcus quit, not respecting Jack for his weakness.

A strong influx of drug trafficking has invaded Rockland and Marcus has returned to his former city tracking a mysterious new drug that is taking over the streets. Marcus and Jack are together again, and both are none too happy about it. Jack has never forgiven Marcus for his lack of support and Marcus still views Jack as a non-disciplined screw-up.

EDDIE JACKSON is a drug-dealer, and he and his gang are caught in a sting operation. Trapped in the street, Eddie is surrounded by cops. One panicked shot by a cop and Eddie is wasted by a rain of bullets. But with his life ebbing away, Jackson injects himself with a syringe and unbelievably he stands up, eyes glowing, and guns down half the police force...

THE CHARACTERS

JACK FORZENSKI

Jack had a rough childhood. With a junkie father and an absent mother, he went to live with his aunt and uncle, Lisa and Joe Kowalski. Jack graduated near the top of his class from the academy, received his POST certificate and joined the NYPD. After serving six years as a beat cop, he managed to get a transfer to Kowalski's precinct and joined the narcotics division. It was there he got in too deep and became an addict. Uncle Joe pulled some strings to send him through rehab and put him on probation. He's back on the force, but now needs to prove himself.

MARCUS HILL

Marcus Hill was born in Chicago, the son of a fireman and a night-duty nurse. He was raised in a deeply religious household amongst three older brothers and a younger sister and brought up with working class values. He was a born athlete, excelling at basketball, football and track, which eventually earned him a football scholarship that took him to a university in upstate New York. After a criminal justice class led to some interest in an FBI position at Quantico, Marcus applied with New York's finest and was working the streets a few months later. He hooked up with Jack Forzenski and busted tons of criminals. Marcus returns to Rockland in his new position as DEA Agent, but he's unhappy about a reunion with the man that almost ruined his career.

CAPT. JOE KOWALSKI

Joe Kowalski is a lifetime cop. His dad was a cop, and his grandfather was in security. Little Jack came to live with them at a young age, determined to leave his old life behind. A no-nonsense, hard-nosed cop, as captain he has the respect, love, hate, and fear of his men.

AGENT DANIELS

Frances Daniels is the head of the NARC organization, an international task force trying to fight the War on Drugs. At once friendly, professional, and coolly distant, Frances Daniels is hunting Sebastian Kale (a.k.a. Mr. Big), the head of the K.R.A.K. crime syndicate.

While playing the game, press the $ button to view the Options Menu. Within the menu, press the directional buttons $ and $ to highlight an option, then press the $ button to select and activate an option. The Mission option reviews your mission objectives and allows you to scroll through the map using the left and right analog sticks. Map icons are described as well.

SAVE/LOAD
Use this option to SAVE a game in progress or LOAD a saved game. Once selected, you'll have access to files on the memory card in MEMORY CARD slot 1. Highlight the saved game you want to play, then press the $ button to select it.

STATS
You can view your current game STATS. Select the Stats window with the $ button and scroll the Stats with the left analog stick.

OPTIONS
Audio - Make volume adjustments to the games EFFECTS and MUSIC. You can also choose from MONO, STEREO or PRO LOGIC II sound format.

VIDEO - NARC can be played on a NORMAL (standard) television screen, or on a WIDESCREEN television.

CONTROLS - Choose to turn Vibration ON or OFF. You can also select INVERT CAM to invert the game's default vertical camera.

1. The BADGE METER/REP RATING is an indication of how you're currently playing the game...as a good cop or bad cop. As you do "good" or "bad" things, an image of your badge will appear on the upper-left portion of the screen, with a number that starts at 100 and goes down or up depending on your deeds. The lower the number, the more your character becomes a renegade cop. As the number gets very low, civilians and criminals may stop respecting your badge when you flash it. Also, cops on the beat will try and arrest you and if you're really bad, they'll come after you hard! Your Badge Rating can be increased by making legitimate busts and turning evidence in to the police station.

2. The ADDICTION METER displays the drug to which you're currently addicted. When the bar to the right of the icon becomes full, you'll experience withdrawals. You can take the drug again to avoid the withdrawals or you can fight it. For more information on ADDICTION, see pg. 13.

3. Your HEALTH METER displays your current health situation. When the bar is depleted, you're goin' down.

4. Every time you fight with a suspect, your SUPER BUST METER will fill up a little bit. When this completely fills up, you can perform a Super Bust. This allows you to bust a suspect without a struggle. Press the $ button and $ button simultaneously when the meter fills up.

5. THE ARREST METER appears when you start to grapple with someone. To find out more about arresting people, see ARREST PROCEDURE, pg. 10.

6. This icon displays the INVENTORY object you're currently using. Press the directional buttons $ or $ to cycle your inventory, then press the $ button to use it.

7. As you move through the environments, this MAP displays your current location, as well as the location of things necessary to complete mission objectives.
**Aiming**

While in normal "3rd-person" mode, the aiming reticule will automatically "snap" onto a nearby target, allowing easier targeting during combat. If you want more precision control, press the R3 button and the character will enter "aim" mode where he will be locked in place and the right analog stick will aim the reticule. Also, in this mode, the left analog stick will lean the character right or left. Press the R3 button again to return to 3rd person mode.

**The Arrest Procedure**

To arrest a suspect, approach him (with weapon put away) and press the A button. This initiates a struggle, and the arrest meter will appear. The object is to press the A button fast enough to fill the meter with blue.

**NOTE:**
1. The tougher the criminal, the more speedily the A button needs to be pressed to fill the meter.
2. If you've taken the time to "soften up" the suspect by beating him up a little first, his arrest meter will be partially red — meaning you don't have to fill the red and the meter will swing slower.
3. If a criminal tries to break free during this struggle, an arrow will appear telling you which direction to press the left analog stick. This directional movement will help keep the criminal centered in the grapple hold.

Once the meter is filled, the suspect is tired and you have one chance to throw handcuffs on them before they recover. The meter will reset and start filling up again quickly. Press the B button when the meter is in the white "sweet spot" to complete the arrest.

If a suspect has been knocked out or has surrendered (by raising hands if badge is flashed) they will be arrested as soon as you press the A button. (Arrest Procedure controls can be viewed on page 5.)

**Crimes**

There are many crimes occurring on the mean streets of the city. As you witness them, you can choose to do something about it or not. How you choose to deal with a crime is up to you, but how you deal with it may affect your badge rating (see Badge Meter, pg. 9).

**Being Busted Down and Being Promoted**

Once your badge rating falls below a certain point you will be busted down to beat cop. Your character will now appear in a normal police officer's uniform, and you will no longer be allowed to begin any missions.

In order to get yourself back on the NARC squad you will be required to bust criminals, and deposit evidence. As you do these "good" things you will be rewarded with badge points. Once your badge rating reaches 70 you will be promoted, and return to your normal character outfit. At this time you will also be able to resume missions.

On the other hand, if you choose to continue down the bad path, you will eventually be busted off of the police force completely. If this occurs your character will appear in tattered junkie clothes, and you will lose all police privileges.

**Collecting and Depositing the Evidence**

As you bust criminals, they'll drop any drugs or cash that they're carrying. To collect it, step over it. The evidence will go into your inventory and stay there until you decide what to do with it. The right thing to do is turn it in to the Evidence Deposit Box at the police station. When standing in front of the Deposit Box, choose an item in your inventory and press the A button to open the box. Every time you press A button, some evidence will be deposited and your Badge Meter will increase.

**Card/Dice Game**

Scattered around the city are some card games and dice games for your gambling pleasure. If you see a guy standing behind a barrel with a board on it, walk up to him with some cash in your hand and press the A button. Once you've had your fun, bust him if you like!

**Weapons Van**

Items for missions can be picked up at the police yard. However, if your Badge Rating is too low, you will not be permitted entry. In that case, just track down the neighborhood Weapons Van. Just walk up to the black truck and press the A button. You can then buy whatever you need.
ON THE STREETS

HIDDEN DRUG STASHES
There are 25 hidden drug stashes throughout each of USA and Asia. If you find all 25 stashes in USA, the classic NARC Arcade Game is unlocked and can be played from the Main Menu. If you find all 25 stashes in Asia, a bonus mission is unlocked.

NARC CRIMES
- Assault w/ firearm
- Breakdancer
- Car Jacker
- Drug deal
- Drunk
- Graffiti artist
- Hooker
- Jumper
- Junkie
- Preacher
- Purse snatching
- Smash and grab

CASH
Cash is a nice thing to have when you’re unable to get weapons at the Police Station. You can use it to purchase weapons or do a little gambling on the street.

GAMBLING
Spread throughout the cities are two gambling mini-games:

3-CARD MONTE
Bet $100 and follow the queen. The more you win, the faster the cards will shuffle. Win too much and the guy will close down.

DICE
Bet on the odds of a particular type of roll coming up.

ON THE STREETS

ADDITION
SELLING DRUGS – Press the directional buttons ← or → to select a drug. Walk up to any civilian and press the 6 button. They may or may not accept, and once in awhile, they may be an undercover cop!

TAking DRUGS – Press the directional buttons ← or → to select a drug then press the LB1 button to take the drug.

Some drugs are more addictive than others, although you will eventually become addicted to any drug if you use it enough.

For example, if you use crack twice you will begin to become addicted. Once your addiction starts you will notice a crack icon appear on the lower left edge of your screen. There will be a meter next to the icon which will start to fill. You can temporarily cool your addiction by taking more of the same drug, but this only offers a temporary respite, and next time your meter will fill up quicker. Eventually you will need to fight your addiction.

FIGHTING THE ADDICTION - Once your meter completely fills the world will freeze, your controller will vibrate and you’ll see your character beginning to fight his addiction. A meter will then appear at your feet. Use the right analog stick to keep the arrow in the green area. If you allow the arrow to enter the red your character will black out, and you will begin in another area of the city with a lower badge rating, and no inventory. If you successfully fight the addiction your character will now be clean.

If a player is unable to beat the addiction mechanic 3 times in a row, they will receive a message saying “cold turkey.” This means that you have gone through enough, and will now no longer be addicted to this drug.

INTERNAL AFFAIRS
- Each character will be busted from NARC SQUAD to BEAT COP when the badge rating falls to 49. They will be further busted to JOBLESS when the badge rating falls to 24.

- To climb back to BEAT COP level, you must raise the badge rating to 35. To be re-instated to the NARC SQUAD, the player must raise the badge rating to 70.

NOTE: You cannot access any story or side missions while you are a BEAT COP or JOBLESS.

- When you’re JOBLESS, cops will attack if you perform any crime in view of a cop (selling drugs, taking drugs, causing violence to any AI, firing a weapon, etc.). When your badge rating falls below 15, any cops that spot you will chase and try to arrest you. When the badge rating falls below 5, the game will spawn cops to arrest or shoot you.
DRUGS

**Pot**
Slows you and the world down, but aiming speed remains normal, allowing you to seem to react faster.

**Ecstasy**
While on Ecstasy, enemies do not attack. Enemies will start attacking after the drug wears off or if you begin to attack them.

**Speed**
This makes you faster than the rest of the world. You can run, fight, shoot, etc. faster than normal.

**Quaaludes (Purple)**
Ludes pause the world and transition you into a first-person view. This allows you to stop the action, look around and zoom in and out to get a tactical view of the situation.

**LSD**
Civilians grow devil heads (bad guys) or jester heads (innocents) that allow you to identify bad guy from innocent civilian.

**Crack**
This makes you a "crack" shot. All shots fired are one-shot kills.

**Liquid Soul**
This makes you super-strong. Punches do more damage and kicks will kick heads clean off. However, it makes all civilians look like bad guys.

**Protodone**
This drug will cure you of any addiction you have.

THE WEAPONS

Weapons are found within your inventory. Press the directional buttons ← or → to cycle available weapons on your inventory.
